THE EAGLE 18&20 Walk-Thru

Whether you're island hopping off the coast, or running the big water lakes, the Eagle gives you big boat performance and features in a convenient size. The V-bottom with Hydroflow Keel combined with Gregor's superior hull design gives you a smooth, dry ride even in rough water.

Efficiency? Gregor has no equal. You don't need large horsepower required of boats with less demanding design and production standards. Durability? Our engineered Longitudinal Stringer / Transverse Bulkhead System coupled with Injected Foam translate into superior structural integrity and durability, plus sound deadening for a quieter ride.

STANDARD FEATURES
