## THE MX-680 & 880 Side Console

If you use your boat for a variety of activities then look at the MX-Series. When looking for the most versatile boat on the water - look at the MX's. And if you want steering - look at the MX-Series with features other manufacturers only offer in their big boats. such as instruments and concealed side mount controls. With your choice of many optional features and accessories you can customize your MX to your style of fishing.

Efficiency? Gregor has no equal. You don't need large horsepower required of boats with less demanding design and production standards. Durability? Our engineered Longitudinal Stringer / Transverse Bulkhead System coupled with Injected Foam translate into superior structural integrity and durability, plus sound deadening for a quieter ride.
